

I wonder if Joe Trippi will send my kids to college?

Don't worry honey, Joe Trippi says he'll come to visit me while you're in prison.

WHY THE RED SHOES?

"In our dream, we have limitless resources, and the people yield themselves with perfect docility to our molding hand. The present educational conventions fade from our minds; and, unhampered by tradition, we work our own good will upon a grateful and responsive folk."

We shall not try to make these people or any of their children into philosophers or men of learning or science. We are not to raise up from among them authors, orators, poets, or men of letters.

We shall not search for embryo great artists, painters, musicians. Nor will we cherish even the humbler ambition to raise up from among them lawyers, doctors, preachers, politicians, statesmen, of whom we now have ample supply."

We really need our debt slaves
to fight against Trump for us now.
I demand you do as I say!
